Eligibility:

- They qualify for the Help to Buy Scheme for the max amount of €30,000
- **Deposit now required of €12,000** ie to necessary 10%

- Therefore, they require a **mortgage of €294,000** (70% of the Purchase Price)
- Monthly **mortgage repayments of €1,404**, based on mortgage of €294,000 (Term 30yrs, 4% Interest Rate, APRC 3%) using the Help to Buy & First Home Scheme,
**Subject to banks' lending criteria

HELP TO BUY SCHEME

The Help-to-Buy incentive is a government initiative designed to help first-time buyers (or other eligible home buyers), with raising the deposit needed to purchase a new home to €30,000 available.

Under the incentive and in association with Revenue.ie, you may receive a refund or rebate of Income Tax and Deposit Interest Retention Tax (DIRT) paid over the previous four tax years.

There are certain criteria and an application process in order to qualify for the scheme.

- You must be a First Time Buyer
- An Owner Occupier
- Borrow at least 70% of the value of the property
- The property you are purchasing must be valued at €500,000 or less.
- Clancy Homes are approved Developers for the Scheme

There are 3 stages to the application process:

1. Application Stage: is an online process through Revenue online to determine if you qualify. If you do, an application/access number is provided. Applications are valid for six months, but can be reapplied for until you purchase your new home.

2. Claim Stage: Signed Contracts and Evidence of Loan Offer needs to be shared with Revenue.

3. Verification Stage: The information provided regarding the house purchase is verified by the Developer. The access code is shared with them and the HTB funds are paid directly to the Developer.

FIRST HOME SCHEME

The First Home Scheme (FHS) is a Government provided 'Affordable housing scheme' designed to help bridge the gap for first-time buyers (and other eligible homebuyers) between their deposit and mortgage, and the price of their new home which must be within the County price cap limit of the area.

The price cap limit for Cork County Council is currently €425,000.

The Scheme provides homebuyers with what is known as an equity facility. This means that homebuyers will enter into a contract with the FHS and receive funds from the Scheme in return for the FHS taking a percentage ownership in the property purchased.

The percentage ownership that the FHS holds in your home is known as an equity share.

The FHS can fund up to 20% of the purchase price of your new property if the Help to Buy Scheme (HTB) is being used, or 30% if the HTB is not being used.

You can buy out all or part of the equity share at any time, (though certain events will mean it must be paid back in full, to include any outstanding service charges). Unlike a mortgage or personal loan, there will be no fees or charges applied to your equity facility for the first five years. From the start of year six following the drawdown of your FHS Equity Facility, if you have not fully redeemed the equity share, a service charge will begin to accrue against your account.
